NULIA AND INTY LAUNCH NULIA WORKS PLATFORM PARTNERSHIP

Bringing Nulia Works Digital Enablement to intY's Office 365 Partners and Customers

Microsoft Inspire, Las Vegas, Nevada – July 15, 2019 – Nulia is pleased to announce a partnership with intY to include intY offering the Nulia Works platform, providing their customers a unique bundle of Office 365 with Nulia Works digital enablement.

The Nulia Works platform guides users with data-driven insights, providing personalized productivity skill development, engaging users to adopt lasting behavioral change in their natural flow of work. Going way beyond traditional training, Nulia Works is built as a new way to get users to continuously attain and more importantly use and maintain a wide range of digital productivity skills through the act of doing.

With Partner Insights™, part of intY's CASCADE partner provisioning portal partners have the ability to see deeply into a customer's adoption of Office 365 and identify opportunities for a customer to increase their Office 365 value by growing Office 365 usage. By combining Nulia Works digital enablement with Office 365, intY partners can now provide their customers a unique solution to help their employees attain, maintain and use the Office 365 productivity skills so crucial to unlocking that value.

"Nulia is excited to bring Nulia Works digital enablement to intY partners and customers," says Nulia co-founder and CEO Steve Zimba. "We recognize Partner Insights™ and CASCADE from intY as a best in breed solution for identifying Office 365 adoption opportunities, and we think Nulia Works is the perfect platform for helping end users reach their maximum productivity potential while unlocking the full value across the Office 365 suite."

“intY has long believed that the full value of Office 365 is only possible by enabling each and every user to maximize their use of the service” says intY CEO Craig Joseph. “With CASCADE and Partner Insights™, we have a platform that enables partners to identify hidden adoption opportunities. By adding Nulia Works to our Microsoft Office 365 product line, we now offer the industry’s best solution for getting end users fully using and adopting the service, while helping them develop sustainable productivity skills that will unlock the full value of Office 365 each and every day.”
